Education

CUNY Hunter College

Fall 2009 - 2016

- ❖ Bachelor of Arts in Computer Science

Computer Skills

OS: Windows 2000/XP/Vista/Windows 7, Linux Fedora, and basic Mac OS

Languages: C#, C++, Java, HTML5, CSS, Javascript

Software: Unity, Android Studio

Others: PC troubleshooting, Assembling/Disassembling PCs

Programming Experience

CurrencyMahjig (Java)

- ❖ Developed an Android App that calculates currency exchange
- ❖ Utilizes a JSON API (Fixer.io) to update the exchange rates

Next Step - Capstone Project (Javascript, HTML5, CSS and some Python & Flask)

- ❖ Developed a Web application with a group of classmates to help prospective students find the “best fit” College for them
- ❖ Worked with Javascript to create a functional and fluent registration page
- ❖ Tweaked aesthetics of the Web app through HTML5 & CSS
- ❖ Assisted in the setup and navigation of each page through Python & Flask

The Other Side (C#)

- ❖ Developed a Horror based game on Unity with a fellow classmate using C#
- ❖ Utilized assets to incorporate fear into the game
- ❖ Coded user interaction with various objects in-game

Work Experience

Chinatown Ice Cream Factory

April 2013 - December 2015

- ❖ Shift Manager
- ❖ Responsible for organized work flow
- ❖ Assured customer satisfaction
- ❖ Handled transaction of legal tender
